About LiveHire

LiveHire offers a cloud-based **Human Resources productivity platform** for recruitment teams, delivering talent-on-demand for all enterprises at scale.

The platform enables client’s to leverage their brand, talent database, networks and digital assets to invite, and curate talent into a single destination – a private live 'Talent Community'. The platform allows recruiters and hiring managers to turn recruitment from **reactive to proactive** by connecting directly with engaged candidates with live and up-to-date profiles on-demand. LiveHire delivers proven and significant value to its clients through reduced time to hire, cost to hire, and an exceptional candidate experience.

Founded in 2011, LiveHire is an Australian company headquartered in Melbourne, with offices also in Sydney, Brisbane and Perth.

**Talent Communities** are a private networks of talent created by companies on the LiveHire platform by initially inviting applicants, both online and offline, from their existing databases of current and past suitable applicants. LiveHire’s Talent Community connections were more than 130,000 as at end of the May 2016. LiveHire will provide up-to-date reporting of Talent Community Connection numbers at least quarterly.

A **Talent Community connection** is the linking of the brand and a potential candidate on the LiveHire platform who has engaged with the company to allow direct communication between a hiring manager and candidate in order to create talent pools to enable access for the customer company to talent ‘on demand’. Building Talent Communities allows a company to develop access to sustainable talent pools to allow proactive hiring across all of their business. Companies pay LiveHire a hosting fee based on total Talent Community Connections, with talent able to create connections with multiple companies with the one unified profile.

Importantly for its customers, individuals who create a LiveHire profile and join a company’s Talent Community are qualified through clean, structured data offered via their LiveHire profile, are engaged with the company because they chose to ‘opt in’ and finally, through LiveHire’s proprietary algorithms, candidate availability can be better understood through user engagement metrics. All of this can be facilitated via communication through the LiveHire platform itself, direct to the candidate’s personal email or their mobile phone.
